The CEO of CAG; Abdulhamid Tahir Hamid disclosed that Climate change has become a major challenge globally. Furthermore CAG does more than just tree plantation, as CAG is changing the lives of millions of people in the world through creating environmental awareness and youth empowerment. This will not only help to reduce climate change but would also create thousands of jobs along the way, help communities to be more resilient and reduce forced migration. It also makes a vital contribution to the UN Sustainable Development Goals with a view to achieving a more equitable and sustainable world by 2030 attached with Paris Agreement (NDC)

Also the CEO Call for Donations and Innovative ideas to support the Organization. CAG has three Upcoming Laudable Projects:

(i) Organization of the First Africa Youth Climate Action Summit #AYCAS, the first of its kind in Nigeria, with the hope to receive delegates from more than 100 countries across the globe.

(ii) Plan to raise one hundred million (100,000,000) seedlings to cover two hundred hectares of land in 120 cities globally, with a view to organizing a gigantic tree plantation campaign worldwide. This is part of the Organization's effort to mitigate the effect of climate change around the world. Under the Forthcoming Newly Coalitions Climate Activist with target of 100 Associates Groups.

(iii) CAG plans to train at least 3000 more members globally for Youth Empowerment on Climate Action.

The Objectives of the Project include the following:

(i) To sensitize communities at various levels on the need for tree planting and effective environmental management.

(ii) To protect endangered species with a view to achieving sustainable environment development.

(iii) To promote the establishment of environmental, herbal and bio-diversity gardens across the globe.

(iv) To encourage members of the public to imbibe the spirit of responsible environmental usage to protect the ecosystem.

Mr. Abdulhamid, disclosed that Given the Current Status of the Organization Existences in Over 86 Countries around the world and become leading achievable organization, and We Projected in new Partnerships with other International Associations Tagged: "Global Climate Action Groups"

Finally, he expresses his appreciation to the entire teams of the Organization for tirelessly working to ensure that the Initiative was a

success and encouraged them to get more involved in climate action related activities, as it is a noble task that requires not only desire but great sacrifice.

Thank you all.
